EDUCATION

University of Michigan
BGS, Linguistics, Philosophy, and Psychology
September 1998 - June 2004

University of Massachusetts Amherst
Graduate Certificate, Data Analytics and Computational Social Science (DACSS)
November 2022 - December 2024

Tim Shores

I make complex systems legible and trapped knowledge valuable

PROFILE

Most useful information is stuck. It's in people's heads, buried in systems nobody reads, jargon nobody outside the room understands, or data waiting to be shaped into a decision. I've spent my career finding it and making it useful. At Cisco, that means leading content strategy and information architecture for security products — structuring technical knowledge so customers can find and act on what they need. I'm currently a member of a cross-organizational tiger team transforming Cisco's technical communications into an AI-native content system, focused on content modeling and context engineering that structure knowledge for AI reasoning and dynamic, persona-driven experiences. This builds on earlier work documenting Cisco's LLM-powered assistant feature and prototyping AI generation of identity-based technical content.

PORTFOLIO HIGHLIGHTS

- timshores.com/portfolio

Not1More Forest Defender Technology

Environmental Justice

Technology and coalition development for frontline forest defenders facing violence and reprisals.
- AI Hackathon

2025 Portfolio Operations Hackathon

Team UserLens built a winning proof of concept for a personalized technical documentation experience in the Customer.
- Municipal Planning

The Leverett Comprehensive Plan

Years-long comprehensive planning work using community-based participatory methods, public deliberation, surveys.
- Municipal Finance

Leverett Revenue Committee FY21 Year-end Report

Annual report on tax rate growth, economic development factors, affordability, and sustainable development.
- Community Research

Leverett Elder Population Needs Assessment

Community-based participatory needs assessment with the Leverett Council on Aging focused on assets and needs.
- School Committee

Western MA Per Pupil Expenditure Report

Work as the Leverett member of the Amherst-Pelham Regional School Committee examining per-pupil expenditure patterns.

EXPERIENCE

- May 2024 - Present
